Technical Skills

Frontend: React.js, JavaScript, HTML, CSS, Redux, Bootstrap.

Database: MongoDB, MySQL, SQL, NoSQL.

Backend (familiar): NodeJs, ExpressJs.

Other Skills: Data Structures, Java, Git, GitHub, Object-Oriented Programming (OOP).

Internship

EIM Solutions

Feb 2024 – Apr 2024

CBP Developer

- Gained expertise in various database technologies including MongoDB, JSON, and NoSQL, effectively utilizing these tools to optimize development and deployment workflows, enhancing overall efficiency and performance.
- Supported the improvement of database management and data handling techniques, contributing to more efficient and organized development practices.
- Engaged with various teams to integrate features and address technical challenges, enhancing teamwork and project execution.

Ethnotech Solutions

Aug 2022 – Dec 2023

Full stack Developer

- Gained hands-on experience building both frontend and backend components of web applications using technologies such as React.js for the frontend and Node.js or Express for the backend
- Engaged in database management with technologies like MongoDB and MySQL, including designing schemas, writing queries, and managing data.
- Implemented RESTful APIs to facilitate communication between the frontend and backend, ensuring efficient data handling and integration.
- Collaborated with the cross-functional teams and designers, recognizing individual roles and working collectively towards shared objectives

Projects

Portfolio Website /ReactJs, Javascript, Html and CSS [\(Link\)](#)

Aug 2024

- Developed an interactive and dynamic portfolio website using React.js, showcasing a collection of projects, skills, and experiences. Implemented a responsive design to ensure the website functions seamlessly across various devices and screen sizes
- Integrated features such as smooth navigation, project filtering, and dynamic content loading to improve user engagement and provide a polished browsing experience. Included animations and transitions to make the site more visually appealing.
- Implemented interactive elements such as contact forms and project showcases with real-time data handling. Ensured that all features were optimized for performance and usability

PostMaster/ReactJs , Redux, Javascript, Html, and Bootstrap [\(Link\)](#)

July 2024

- Developed a dynamic social media application with React.js to deliver a responsive and interactive user interface, while leveraging Redux for effective state management to ensure smooth data flow and optimal performance.
- Allows users to create, delete, and interact with posts through likes and other reactions, enhancing engagement and usability within the app.
- Utilized Bootstrap for a visually appealing and responsive design, ensuring a consistent and attractive user experience across various devices and screen sizes.

Certifications

React and Redux Certificate

Aug 2024

Credential: <https://www.kgcoding.in/share-certificate?serialNo=ZWOCHRBS>

Dbms and SQL

Jan 2023 –Mar 2023

Credential: <https://archive.nptel.ac.in/noc/Ecertificate/?q=NPTEL23CS41S2422117203036389>

Education

Sjb Institute of Technology

July 2019 –Aug 2023

Bachelors in Computer Science Engineering
